

# Build your ideal manufacturing base in the Vietnam Singapore Industrial Parks (VSIPs)

## VSIP Bac Ninh (I & II)

- Target industries include OEM and high-tech manufacturing
- 30 minutes from Hanoi
- 3 hours from the Vietnam-China border

## VSIP Hai Phong

- Located in SEZ with incentives for up to 15 years
- On-site logistics hub 30 minutes from Lac Huyen deep-sea port
- 1.5 hours from Hanoi, 4 hours from the Vietnam-China border

## VSIP Hai Duong

- Located between VSIP Bac Ninh and VSIP Hai Phong within high-tech manufacturing cluster
- Along the Hanoi-Hai Phong port route
- On-site logistics hub and 65km from Hai Phong port

## VSIP Quang Ngai

- Centrally located between north and south Vietnam, within SEZ with incentives for up to 15 years
- 1.5 hours from Danang port city
- Ideally placed to serve external markets of Laos, Cambodia, northeastern Thailand

## VSIP Nghe An

- Part of SEZ in northern-central Vietnam with incentives for up to 15 years
- Serving manufacturers in northern Vietnam
- Lower labour costs

## VSIP Binh Duong (I, II & III)

- Located within key manufacturing region in southern Vietnam
- Wide range of target industries including electronics, pharmaceuticals, consumer goods, and more
- Large supporting industry to serve manufacturers
