

The Smart Move

European Firms Embrace Singapore as APAC's Hub

Onepoint

Onepoint is a global niche management and technology consultancy (~4,000 staff) that is present in 8 countries across 4 continents. Onepoint offers advisory and delivery consultancy services leveraging an end-to-end spectrum of skills: innovation, process simplification, agility, change, tech (digital, data & AI) and design. Onepoint has supported clients such as M1 and Dragages in Singapore in their process and digital transformation efforts.

Why Singapore?

A base to drive Onepoint's ASEAN expansion. Singapore's position as a sustainability hub supports Onepoint Singapore to assist its APAC customers to improve their positive footprint for the planet.

France

Information Technology

Singleron Biotechnologies

Singleron develops and commercialises single cell multi-omics products that can be used in both research and clinical settings. Its current product portfolio includes instruments, microfluidic devices, reagents, software and database solutions that facilitate high-throughput single cell analysis. Singleron's single cell analysis services offer expert execution and generation of high-quality results for academia, clinics, and biopharma. Its products are used in over 2000 laboratories in hospitals, research institutes, and pharmaceutical companies.

Why Singapore?

To leverage the rapidly expanding life science and biopharma market in Singapore and the region.
