

Singapore as a Headquarters Platform

A Strategic Workshop on HQ Structuring,
Governance & International Expansion

PRESENTED BY FOZL GROUP

OVERVIEW

About This Workshop

Rather than transactional guidance, this workshop delivers decision-oriented insights for enterprises evaluating or strengthening their Singapore headquarters structure. Each session is intimate, tailored, and grounded in real-world governance frameworks — designed specifically for senior decision-makers.

Who Should Attend

Whether you are exploring Singapore for the first time, evaluating it as a regional headquarters, or looking to deepen your existing presence — this workshop is designed for you. We welcome any business with an interest in Singapore, at any stage of your journey.

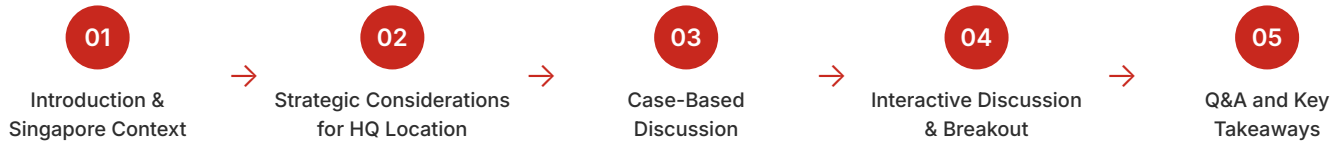

MODULES

Five Core Focus Areas

- 01 Singapore as a Headquarters Platform**
Strategic role of Singapore in global and regional business coordination
- 02 Corporate Structure & Governance Design**
Aligning HQ functions, decision rights, and oversight mechanisms in Singapore
- 03 Singapore +1 Strategy Considerations**
Using Singapore as a base to support regional and international market expansion
- 04 International Strategy & Risk Management**
Managing cross-border complexity while anchoring control and governance in Singapore
- 05 Talent, Substance & Ecosystem Alignment**
Leadership presence, operational substance, and integration into Singapore's business ecosystem

PROGRAMME FLOW

Workshop Process · 90–120 Minutes

METHODOLOGY

Our Approach

- **Decision-focused:** Prioritizes strategic choices over transactional details
 - **Case-led discussion:** Interactive dialogue rather than passive lectures
 - **Emphasis on Governance:** Focus on long-term sustainability and control structures
 - **Tailored Engagement:** Designed for enterprises at any stage of their Singapore journey
-

Sessions are arranged upon enquiry.
